

PROJECT

St Nicholas Shopping Centre

LOCATION

Aberdeen, Scotland

ST NICHOLAS SHOPPING CENTRE ABERDEEN, UK

THE TASK

Yes, this is a roof! This is in fact the urban open space forming the podium decking of St Nicholas Shopping Centre in Aberdeen. The Bon Accord & St Nicholas Shopping Centre is the second-largest shopping centre complex in Aberdeen, home to several leading brands.

The 30-year-old asphalt roof had failed and was in urgent need of a complete refurbishment.

THE RESULT

Rooflock Twelve Podium Waterproofing System was specified to create a new waterproof base to the paved area.

This unique podium roofing project combined the Rooflock Twelve system with a Mapei screed and paving flags to form part of the new St Nicholas Rooftop Garden, opened on 2 October 2015.
